```csharp
 1  namespace MusicStore.Contracts
 2  {
 3      /// <summary>
 4      /// Defines the basic properties and methods of identifiable components.
 5      /// </summary>
 6      public interface IIdentifiable
 7      {
 8          /// <summary>
 9          /// Gets the identity of the component.
10          /// </summary>
11          int Id { get; }
12      }
13  }
14
```
